

News for 08/15/06

Hi,

We've just completed design work on a brand new 2-barrel, billet, multi-fuel, throttle-body-replacement carburetor for motor homes, boats, and towing vehicles. It will be able to use gasoline, E-85, and Methanol. Stay tuned for more details as development progresses.

And congratulations to Terry Smith, who picked up 3/100 sec at Columbus, OH in his D Econo Altered with a new [dAM econo carb](#) replacing his previous carb.

John
