

## News for 01/16/07

---

Hi Again!

It was great meeting friends old and new at the recent [Area Auto Racing News](#) race car show, "Motorsports 2007" and at the [NHRA Northeast Divison](#) Banquet. John's seminar at the AARN show, "The Racing Carburetor: Balancing Fuel and Air for Maximum Driveability" was well attended. If you weren't there, do try to make it next year. It's a great place to get the answers to questions asked and unasked.

The product that showcased both events was our newly anodized dAM billet 4500 series carb. Demand is so great that delivery time is 4-6 weeks. Don't wait - order now!

John
