

THE **dAMBEST...**

News for 05/08/07

dAMBEST carbs set records again, again, again, again, and again!

Our congratulations to Cal Hill and Scott MacKay who have reset their records multiple times over the last several seasons. In last week's Sportsman series at Virginia Raceway, Scott reset the D/ED record to 7.336 (.664 under index), 179.33 MPH and Calvin Hill reset the I/A record to 8.203 (.657 under index), 164.27 MPH. Cal has been using the dAM billet carb series and Scott dAM modifieds.

In our previous News we described our latest investment in the future, our new Wet Flow Bench. Our next project, already under way, is a floatless carburetor to nullify the effects of *G*-forces. We continue to be a leader in the carburetor world!

John

PS: If anybody has a copy of my 1992 Superflow Presentation on VHS, please contact me.
