

## News for 10/30/07

### The Carb Tuning class is over - Dyno Operation is next

---

Last week's Carb Tuning class went very well. All attendees expressed gratitude for the value they got from the class. Some folks were talking about coming back for more next year. Start thinking about it now - class size of 10 was good; we're going to keep that...

Dyno Operation is coming up mid January. We're still taking suggestions for dates.

John

PS: If anybody has a copy of my 1992 Superflow Presentation on VHS, please contact me.

Putting theory into practice at the wet bench
