Upcoming Classes

Hi again,

Happy holidays and thank you to everyone for your support through the year.

The PRI show was great with the dAM Split 4500 and Ultimate 4150 both making their debuts.

Due to the overwhelming response to our October carb tuning class, we will be offering both a 5 day course and a 3 day course. In January the 5 day course will run for \$500. The March course will run 3 days from 9AM to 9PM and will include dinner for \$550. Both will be limited to 10 participants.

We do plan on a three day dyno class and it is still open to suggestions for dates and hours.

John
