

## News for 01/15/08

---

Hi again,

One of the least - maybe never - looked at conditions is the fuel distribution under the carb in the plenum area. Here at dAMBEST Carburetor we have expanded the capability of our wet bench with a simple but effective double thick safety glass fixture to do just that.

John

PS: If anybody has a copy of my 1992 Superflow Presentation on VHS, please contact me.
