

News for 05/05/08

Hi again,

Carb Tuning Class

We are going with the most popular request as far as hours go: Fri, Sat, Sun - 9AM to 9PM.

The actual dates of the October class are still open to suggestion.

Methanol Carb Line

The dAM Small, Medium, and Large Methanol Carbs have been revamped. And added to the series is the 1-3/4" 4500 style for Super Classes of 1000+ HP.

Crate Carb

Our brand new design for GM Crate Engines went out for its first week at the track and rolled down Victory Lane. Brochure soon to follow!

Curvaceous 4150

Here is the new look for the dAM 4150s. It was featured in our 4/22 News with the Holy Cow option - polished instead of with our traditional red anodization.

John

PS: If anybody has a copy of my 1992 Superflow Presentation on VHS, please contact me.
