Thunder Down Under Continued...

Hi again,

Our 3/11/08 NewsLetter described the Big Paw engine project in Street Machine Commodores magazine from Australia's Torque-Power Ltd. The article wasn't available on the web at that time, but it's all on-line now! Of course they're using a dAMBEST carb. Go directly to [part IV](#) for a look see.

John

PS: If anybody has a copy of my cam & valve timing event presentation at Superflow on VHS, please contact me.
