dAMBEST: the World's leader in Billet Carburetors!

Hi Again!

Here at **dAM**BEST we are just busting with happiness!! We now have approval from ADRL to use our billet carbs in Extreme Pro Stock, Pro Nitrous, and Extreme 10.5. See the Feb. 3 item in their News & Information web page. Along with last weeks ANDRA approval for Pro Stock, we are on the move, Wowee!

As a custom carb manufacturer, we have finished our first truly custom carb: An Ultimate 4150 with a 1.750" butterfly for engines that exceed 900 HP. Having 180 CFM more wet flow than our Skirted Big Billet, the new PP-Ultimate is sure to be a fast one! It also has our new linkage on it, which works so smoothly.

The development work has also spawned two new Billet Two Barrels with 1.750" butterflies. One will have a 1.825" venturi; the other will have a 1.700" venturi. Along with the standard venturi of 1.575" we can serve needs no matter what they are. In tough times we are still moving forward to supply you the world's best.

John

PS: **$300** REWARD for a copy of my 1992 Superflow Presentation on VHS!

Great news! *dAMBEST* is now an officially accepted carburetor brand in the Australian National Drag Racing Association, ANDRA! We are legal in Pro Stock events. Our 4500 Series and Split 4500 Series carb would be recommended.
