dAMBEST the World's leader in Billet Carburetors!

Hi Again Everyone!

Here at *dAMBEST* we are just busting with happiness!! We now have approval from [ADRL](#) to use our billet carbs in Extreme Pro Stock, Pro Nitrous, and Extreme 10.5. See the Feb. 3 item in their [News & Information](#) web page. Along with last month's [ANDRA](#) approval we are on the move, Wowie!

When I finished this new carburetor, I just knew it would be a great one: An [Ultimate 4150](#) with a 1.750" butterfly for engines that exceed 900 HP. The booster signal is awesome so at low air movement, like driving through the corners, it will be incredibly smooth. It also has our new linkage on it.

I believe it will also suite dual four barrel application too. You could see a pair of these on a V6 real soon.

The latest advancement coming soon, is our skirted big billet (Venturi 1.585 - Butterfly 1.750) the entire carb will weigh about 5.5 pounds..

In tough times we are still moving forward to supply you the world's best.

Great news! *dAMBEST* is now an officially accepted carburetor brand in the Australian National Drag Racing Association, [ANDRA](#)! We are legal in Pro Stock events. Our [4500 Series](#) and [Split 4500 Series](#) carb would be recommended.

Upcoming News

- Carb Class attendee produces paper on [dAM small droplet technology](#). (pdf 755kB)
- [dAMBESTCD and DVD](#) collection grows (pdf 442kB)
- The [dAMBEST E-Jet](#) transforms from drawings to reality (pdf 1.3MB)

PS: \$350 REWARD for a copy of my 1992 Superflow Presentation on VHS!
