*dAMBEST* the World's leader in Billet Carburetors!

---

Hi Again Everyone!

There is much going on behind the scenes here at *dAMBEST*. The E-jet ECU is still moving forward, the latest new carb booster has met with great results, and so much more. Sometimes choosing this weeks news is harder than doing the news letter. Many teams have chosen to step up to our technology, and I thank them for their trust.

There have been some questions on our boosters, so I thought I would make a news letter about them again. Every day that I work on our new 3000 CFM wet bench, it teaches me so much more. I am so grateful that we have the technology to show you wet flow pictures. That just amazes me too! It is not just fuel and air - it is droplets, distribution, and air-fuel pattern. Over time I can see the improvement in pattern and have become very fussy about it, making our boosters much more active in their part of the process. When I modify other brands, I have to settle on what they will give. *dAMBEST* carburetors are not about settling, they are about improving what we can deliver each time we sell one. Just last week I came up with another new booster dirt track and multi carb applications, wait until you see this one.

John

dAM Skirted Booster

dAM Straight Booster

dAM Bottom Feed

dAM Bottom Feed With Shear ( Patent Pending )

Wet flow on bottom shear..... Wow!!!!!!!!!!!!!!!!!!!!!!

Great news! *dAMBEST* is now an officially accepted carburetor brand in the Australian National Drag Racing Association, [ANDRA](#)! We are legal in Pro Stock events. Our [4500 Series](#) and [Split 4500 Series](#) carb would be recommended.
