dAMBEST: the World's leader in Billet Carburetors!

Hi Again!

Here at *dAMBEST* we are just busting with happiness!!

As a custom carb manufacturer, we have finished our first truly custom carb: An [Ultimate 4150](#) with a 1.750" butterfly for engines that exceed 900 HP. Having 180 CFM more wet flow than our Skirted Big Billet, the new PP-Ultimate is sure to be a fast one! Remember, this can be methonal too! It also has our new linkage on it, which works so smoothly.

The development work has also spawned two new Billet Two Barrels with 1.750" butterflies. One will have a 1.825" venturi; the other will have a 1.700" venturi. Along with the standard venturi of 1.575" we can serve needs no matter what they are. In tough times we are still moving forward to supply you the world's best.

John

PS: **\$400 REWARD** for a copy of my 1992 Superflow Presentation on VHS!

Great news! *dAMBEST* is now an officially accepted carburetor brand in the Australian National Drag Racing Association, [ANDRA](#)! We are legal in Pro Stock events. Our [4500 Series](#) and [Split 4500 Series](#) carb would be recommended.
