### *dAMBEST* 's New 2.375" Butterfly Billet 4500 Carburetor

---

Hi Everyone!

We've just finished the first of the new 2.375" butterfly 4500's. With a wet flow of 1633 CFM at 17" and dry flow over 1800 CFM at 20", these are meant for single four barrel, tunnel ram manifold engines that make from 1000 to 1400HP. Perfect for Top Sportsman, Top Dragster, Truck pull, mud bogger or anywhere where power and throttle response are both a must. Pictures just don't do this awesome carburetor justice.

It has been a great season for dambest so far, with races being won and records being set. New linkage brackets coming out for even more adjustability. The fun never stops!

John

3/4 view

Side view, with standard air cleaner height. Can be ordered with raised air cleaner rib for improved air flow.

Top View, showing latest booster assemblies. 34" of booster signal at 10" draw on carb, Wow!!!!!!!!!!!!!!  
Wet flow pictures to follow.

## Other News

- The best news you can find on the web, [dAMBEST NEWS](#). You can now look at all of the news letters we have ever done on the web.
- This year's [Carb Tuning Class](#) is now taking form. It will be October 29 - 31. And it will be a three day course, like last year. I encourage all that are interested to e-mail me as soon as possible.

Great news! *dAMBEST* is now an officially accepted carburetor brand in the Australian National Drag Racing Association, [ANDRA](#)! We are legal in Pro Stock events. Our [4500 Series](#) and [Split 4500 Series](#) carb would be recommended.

***PS: \$400 REWARD for a copy of my 1992 Superflow Presentation on VHS!***
