### *dAMBEST*'s carburetors make their move on two wheels!

---

Hi Everyone!

If you are looking for a once in a life time experience, this is it! Mike Kelly, owner of Vanquish Motorcycles, called me last week to say that the newest [dAMBEST-Vanquish carburetor](#) just made 580HP. It was a 1.515 venturi, with a 1.688 butterfly.

These completely unbelievable bikes can be seen at [Vanquish V8 Motorcycle's web site](#).

Mike has a video of some test runs at his local [drag strip that is just great to watch](#).

We are just trying to show the continuing versatility of the *dAMBEST* product line. Because of the tremendous power available, drive-ability in the this application has been very important.
