A Busy 4 Day Weekend at Atco

Thanks everyone!

There was a lot of hard work by Team *dAMBEST* at Atco this past weekend. Vinny Barone's team was there early Thursday testing parts in preparation for race day. Congratulations to husband/wife team Todd & Nicole Hoerner for setting the A/AA record of 6.529 ET / 214.35 MPH. Congratulations also to Rick Waters customer Tony Terry for setting the G/AA record of 8.276 ET / 164.05 MPH. Tony started with some carb problems, but I'm glad I was able to help sort things out so that he could set the record and have a runner-up finish. What a weekend!

Below are the Youtube race videos we have posted so far. If those you're interested in aren't yet up, please be patient and check again - there are so many more cars running *dAMBEST* these days that it may take all of next week to finish the uploads.

Todd Hoerner Racing running a *dAMBEST* Modified Pro Stock Braswell

Thanks everyone for making us a part of your projects,
John

P.S.

- When running VP fuels, you will need to WD-40 your linkage and shafts after each day's use. This is very important to keep linkage free on *dAMBEST* carbs.
- If you would like us to post your car, please forward a photo.

Other News

- The best news you can find on the web, [dAMBEST NEWS](#). You can now look at all of the news letters we have ever done on the web.
- Great news! *dAMBEST* is now an officially accepted carburetor brand in the Australian National Drag Racing Association, [ANDRA](#)! We are legal in Pro Stock events. Our [4500 Series](#) and [Split 4500 Series](#) carb would be recommended.
- When running VP fuels, you will need to WD-40 your linkage after each days use. This is very important to keep linkage free.

PS: \$500 REWARD for a copy of my 1992 Superflow Presentation on VHS!
