News for 09/22/10

Records Fall Bowling Green!

I want to congratulate John Coughlin for set both the ET record (8.21), and the MPH record (162.59).

These are the classes that *dAMBEST* customers have set records in.

P.S.

- When running VP fuels, you will need to WD-40 your linkage and shafts after each day's use. This is very important to keep linkage free on *dAMBEST* carbs.

Other News

- The best news you can find on the web, [dAMBEST NEWS](#). You can now look at all of the news letters we have ever done on the web.
- Our Carb Tuning Class has been so well received that we offer recordings of it on CD and DVD. Coming down the line is the on-line version of the class that will be great for those who just can't get away for the 3 days. They'll be able to cover the material at their own pace on their own schedule.
- This years class will be held October 28-30.
Along with all of our normal tuning information, there will be a new section on reading O2's.. As I go out to the race tract I find many are misreading their O2's. So I have decided to add that to the class too.
- Great news! **dAMBEST** is now an officially accepted carburetor brand in the Australian National Drag Racing Association, [ANDRA](#)! We are legal in Pro Stock events. Our [4500 Series](#) and [Split 4500 Series](#) carb would be recommended.
