dAMBEST Ultimate Pro Splits!

What a year!

And here is a link to a [clip](#) I really liked. Merry Christmas!!!!!!!

As I said a few weeks ago, we are working on our new layout for the overwhelmingly large incoming good news each week. The *dAMBEST* blog is done, but the navbar is not. So for now just click on [dambest blog](#) and that will get you there. If you want to be notified each time there is an entry, just reply to this news letter with the word "Blog".

Thanks for making *dAMBEST* a part of your project,
John

All our latest booster technology

Sealed roller bearings for throttle shafts.

P.S.

- When running VP fuels, you will need to WD-40 your linkage and shafts after each day's use. This is very important to keep linkage free on **dAMBEST** carbs.
 - If you would like us to post your car, please forward a photo.
