

World's Premier Carburetors

News for 01/04/11

The Ultimate Pro Stock Carb is here!

Happy New Year!!!!!!!!!!

Another week of exciting news,

We have just finished our new ULTIMATE PRO STOCK Carburetor. This carb has the bolt pattern of the 4500 and 7300 series carbs, with the bore spacing and air cleaner diameter of the new 7300 series. It also shares the same air pan to base height, making it a direct replacement for the new 7300 series carbs.

There is also a brand new Patent Pending Pro Stock metering block that will just take your breath away! There will be no G force too great for this combo! This metering block can be used as an upgrade on all sideways mounted carbs.

Thanks for making *dAMBEST* a part of your project,
John

The Ultimate Pro Stock follows our current theme of being a base-plated carburetor, incorporating current patents along with two more pending.

This new and innovative jet position will set the pace from now on!

I want to thank everyone for a GREAT YEAR!
And say, "HAPPY NEW YEAR!"

Other News

- As I said a few weeks ago, we are working on our new layout for the overwhelmingly large incoming good news each week. The dambest blog is done, but the navbar is not. So for now just click on [dambest blog](#) and that will get you there. If you want to be notified each time there is an entry, just reply to this news letter with the word "Blog".
- You can see the videos I have taken on youtube.com at [dambest1](#)
- Great news! **dAMBEST** is now an officially accepted carburetor brand in the Australian National Drag Racing Association, **ANDRA**! We are legal in Pro Stock events. Our [4500 Series](#) and [Split 4500 Series](#) carb would be recommended.
- When running VP fuels, you will need to WD-40 your linkage after each days use. This is very important to keep linkage free.

PS: \$595 REWARD for a copy of my 1992 Superflow Presentation on VHS!
