## Race Season's Here, Records Falling!

---

Hi Again,

The first weekend of racing is over, records are being set! Allen Stanfield reset the G/SM record to 8.62et at 156.76mph, WOW!

We have been really busy making carbs. Also have a new display for the Wet Bench for even finer resolution.

Thanks everyone for making us a part of your projects,  
John

### Other News

- As I said a few weeks ago, we are working on our new layout for the

overwhelmingly large incoming good news each week. The dambest blog is done, but the navbar is not. So for now just click on [dambest blog](#) and that will get you there. If you want to be notified each time there is an entry, just reply to this news letter with the word "Blog".

- You can see the videos I have taken on youtube.com at [dambest1](#)
- Great news! **dAMBEST** is now an officially accepted carburetor brand in the Australian National Drag Racing Association, **ANDRA**! We are legal in Pro Stock events. Our [4500 Series](#) and [Split 4500 Series](#) carb would be recommended.
- When running VP fuels, you will need to WD-40 your linkage after each days use. This is very important to keep linkage free.

PS: \$575 REWARD for a copy of my 1992 Superflow Presentation on VHS!
