- As I said a few weeks ago, we are working on our new layout for the overwhelmingly large incoming good news each week. The dambest blog is done, but the navbar is not. So for now just click on [dambest blog](#) and that will get you there. If you want to be notified each time there is an entry, just reply to this news letter with the word "Blog".

- Great news! **dAMBEST** is now an officially accepted carburetor brand in the Australian National Drag Racing Association, **ANDRA**! We are legal in Pro Stock events. Our [4500 Series](#) and [Split 4500 Series](#) carb would be recommended.
- When running VP fuels, you will need to WD-40 your linkage after each days use. This is very important to keep linkage free.

PS: \$575 REWARD for a copy of my 1992 Superflow
